

ITIN-Friendly Banks, Credit Unions & Mission Lenders for Business Credit

Who Lends to ITIN-Only Business Owners — Bureau Pulls, Bureau Reporting & Approval Requirements

Prepared: June 4, 2026 **Scope:** US banks, credit unions, CDFIs, and nonprofit/mission loan funds that are ITIN-friendly and offer **business loans and lines of credit** to owners holding only an ITIN (no SSN). For each: which credit bureaus they **pull from**, which they **report to**, and the **requirements for approval**.

Read this first — the three things that shape everything

1. **SBA loans are now CLOSED to ITIN-only owners (and even green-card holders).** Effective ~**March 1, 2026** (SBA SOP 50 10 8 / 52 00 B under Executive Order 14159), **100% of all direct and indirect owners must be US citizens or US nationals.** This kills SBA 7(a), 504, **Microloan**, and **Community Advantage** for ITIN holders — and therefore any bank's or nonprofit's *SBA-funded* product. ITIN-friendly lenders serve you through their **own (non-SBA) capital**.
2. **"Accepts ITIN" almost always means "ITIN instead of SSN for the owner's personal-guarantee credit check."** It is rarely a special "ITIN-only / EIN-only" program. Nearly every bank/CU business loan requires a **personal guarantee**, which means a **hard pull of the owner's personal credit** — keyed to your ITIN. So you still need to *build* a US personal credit file under that ITIN. The lenders that get around this use **cash-flow or character-based underwriting** instead of a FICO score.
3. **Online applications usually block no-SSN applicants — you often must apply IN-BRANCH or by phone.** Confirmed for PNC and Citi; true across most big banks. ITIN underwriting decisions are typically made at the branch/relationship level and are *not published online* — which is also why so much below is marked "verify directly."

Bottom line: The clearest "yes" for an ITIN-only owner isn't a big bank — it's a **CDFI loan fund** (DreamSpring, Accion Opportunity Fund, Working Solutions, MEDA), a **mission credit union** (Neighborhood Trust FCU, LES People's FCU, Point West), or a **community bank with cash-flow underwriting** (Beneficial State, Ponce "Prosper"). Big banks (BofA, Wells, US Bank, Citi, PNC) *do* accept ITIN for the owner's guarantee — but you'll need an established ITIN-based personal credit file and a branch visit.

PART 1 — How Banks & Credit Unions Treat an ITIN for Business Credit (the mechanics)

Yes, a lender can pull your consumer credit on an ITIN. All three consumer bureaus (Equifax, Experian, TransUnion) can locate or create a file keyed to an ITIN using name + DOB + address + the ITIN.

Limitations: not every lender's systems accept an ITIN; ITIN files are **thinner and more prone to "mixed/split" files**; and *the ITIN alone builds nothing* — only reported tradelines do.

What bureaus they PULL for a business loan/LOC — usually a blend of: - **Owner's personal credit** (Equifax/Experian/TransUnion via SSN or ITIN) — heavily weighted for young/thin-file businesses and any deal with a personal guarantee. - **Business credit** — D&B PAYDEX (1–100), Experian Business / Intelliscore Plus (1–100), Equifax Business Risk Score. - **FICO SBSS (Small Business Scoring Service, 0–300)** — the key *blended* bank/SBA score that combines the owner's personal credit + business data + application data. For a thin business file it can score mostly off the owner's personal credit. (Note: SBA is *sunsetting* its SBSS requirement March 1, 2026, but many lenders keep using it.) - **SBFE (Small Business Financial Exchange)** — not a bureau, but a "give-to-get" data co-op that feeds D&B, Equifax, Experian, and LexisNexis. The backbone of bank/CU business-credit reporting.

What bureaus they REPORT TO: - **Business performance** → **business bureaus + SBFE** (most banks/CUs that own/service the debt). - **Owner's consumer file** → **generally only on DEFAULT** (the personal guarantee lets them report a charged-off guaranteed debt to your ITIN-keyed consumer file). Some fintech/mission lenders report *ongoing positive* to consumer bureaus to build your credit (Accion, Grameen, Ascendus, DreamSpring) — a feature, not the norm.

The ITIN → SSN transition (important): If you later get an SSN, your credit history does **not** automatically move. You must (1) notify the IRS to rescind the ITIN, (2) update each creditor, and (3) ask all three bureaus *in writing* to link the ITIN history to the new SSN — otherwise your SSN starts as a near-blank file while your history sits "orphaned" under the old ITIN.

Regulatory backdrop (2026): - **ITIN is a valid identifier** under the USA PATRIOT Act CIP rule and beneficial-ownership/CDD rule. - **ECOA / Reg B:** a lender generally **cannot deny credit solely because of immigration status**, but *can* consider status as it relates to ability to repay/collect. (CFPB & DOJ withdrew their 2023 noncitizen-borrower joint statement in Jan 2026, leaving the base Reg B text.) - **Executive Order 14406 (May 2026), "Restoring Integrity to America's Financial System":** doesn't ban ITIN credit, but flags ITIN use by applicants *lacking verified lawful status* as a **risk factor warranting enhanced due diligence**, and directs CFPB to let lenders weigh deportation/wage-loss as an ability-to-repay factor. **Expect more identity questions and scrutiny; rules are still being written.**

PART 2 — National & Large Regional Banks

These accept an ITIN for the owner's guarantee/credit check, but none is an "ITIN-only" program — you need a US personal credit file and (usually) a branch visit. **All SBA products are citizen-only.**

Bank	ITIN for biz loan/LOC?	Pulls from (application)	Reports to	Key requirements
Bank of America	Yes (SSN or ITIN for owners)	Personal hard pull, usually Experian	Business bureaus + SBFE ; personal only if delinquent	~12–24 mo in business, ~\$100k+ revenue, FICO ~650–680, PG, US-registered

Bank	ITIN for biz loan/LOC?	Pulls from (application)	Reports to	Key requirements
Wells Fargo	Yes (SSN or ITIN)	Personal hard pull (EX/EQ/TU) + business	Business bureaus; cards not to personal in good standing	FICO 680+ , registered business, revenue, PG
U.S. Bank	Yes (ITIN in place of SSN)	Personal hard pull + business	D&B, Experian Bus, Equifax Bus ; cards not to personal	PG, registered business, revenue, score
Citibank	Yes — branch only for no-SSN	Personal hard pull (EX/EQ/TU)	Business bureaus; cards not to personal	Branch app, PG, passport ID OK
PNC	Yes — branch only (online requires SSN)	Personal + business (bureau unverified)	Business bureaus; default → personal (unverified)	Branch app, PG, personal financials
JPMorgan Chase	Conditional (cards documented; loans/LOC unverified)	Personal hard pull, usually Experian	Business bureaus; personal if 60+ days late	Strong personal credit, PG, in-person ID likely
Citizens Bank	Likely (partial)	Personal + business (unverified)	Unverified	PG, business + personal tax returns
Truist / Comerica / HSBC / BMO	Unverified / not published	Unverified	Unverified	Confirm at branch
Banco Popular / Popular Bank	Unverified (likely candidate)	Unverified	Unverified	2+ yrs in business , PG
Woori / Hanmi / East West / Cathay (ethnic-market banks)	Unverified (most likely to be <i>relationship-flexible</i>)	Unverified	Unverified	Confirm at branch; East West ~680 FICO

Takeaway: Best-documented "yes": Bank of America, Wells Fargo, U.S. Bank, Citi (branch), PNC (branch). Their business products are useful for *separating* business and personal credit — they build business credit via SBFE and stay off your personal report unless you default. The **ethnic/immigrant-market banks** (Popular, Woori, Hanmi, East West, Cathay) are the most likely to be flexible for foreign/ITIN owners but publish nothing — these need a direct branch conversation.

PART 3 — Community Banks, CDFI Banks & Minority Depository Institutions

CDFIs (US Treasury–certified mission lenders) and MDIs are far more ITIN-flexible than big banks. **Find one:** OFN CDFI Locator (ofn.org/cdfi-locator), CDFI Fund (cdfifund.gov), OCC CD-Bank directory.

Institution	Type	ITIN biz loan/LOC?	Underwriting / pulls	Reports to	Requirements	Area
Beneficial State Bank	CDFI bank	Likely (lends to ITIN/AB-60 holders; confirm business)	Standard (unverified bureau)	Unverified	\$10k–\$150k lines/term	CA, OR, WA
Ponce Bank ("Prosper")	CDFI + MDI	Confirm — but Prosper underwrites on cash flow, not credit score	Business-checking cash flow	Unverified	≤\$25k, ~\$400/day deposits, Ponce checking	NY metro
Spring Bank	CDFI bank	Unverified	Cash-flow focus	Unverified	~1 yr revenue + business account	NYC

Institution	Type	ITIN biz loan/LOC?	Underwriting / pulls	Reports to	Requirements	Area
Carver Federal	CDFI + MDI	Unverified (alt. scoring)	Algorithmic/ alternative beyond FICO	Unverified	Microloans \$5k–\$50k	NYC/ Harlem
Self-Help CU / FCU	CDFI CU	ITIN strong on <i>consumer/mortgage</i> ; business mostly no	No-FICO on ITIN mortgage	Unverified	2+ yrs, RE-secured ; biz only NC + Chicago (not CA)	NC, IL +
City First (incl. Broadway)	CDFI + MDI	Unverified	Mostly RE-secured/ CRE	Unverified	Larger CRE deals	DC + LA
Sunrise Banks	CDFI bank	Unverified for business (ITIN = mortgage)	Unverified	Unverified	Commercial term/LOC	MN, SD
Latino Community CU	CDFI CU	Membership + microbiz (terms unverified)	Builds thin-file credit	Unverified	ITIN OK, NC resident, gov ID	NC
Working Solutions CDFI	CDFI loan fund	Explicit (SSN or ITIN, any status)	No min FICO , cash-flow	Unverified	\$5k–\$100k, no collateral , no bankruptcy 12mo	California
Accion Opportunity Fund	CDFI loan fund	Explicit	Character/cash-flow, no min score	Reports on-time payments	\$5k–\$100k, ~12mo in business	~43 states
DreamSpring	CDFI loan fund	Explicit (SSN or ITIN)	Holistic; hard pull if you proceed	Reports (credit-building)	Term \$1k–\$2M; Power LOC \$1k–\$50k	~27 states

Takeaway: The clearest *bank-side* ITIN signal is **Beneficial State Bank**; the best *mechanics* for a thin-file owner are **Ponce "Prosper"** (cash-flow, no credit score) and **Carver** (algorithmic). But the unambiguous "yes" lives in the **CDFI loan funds** (Working Solutions, Accion, DreamSpring) — see Part 5.

PART 4 — Credit Unions (Member Business Lending)

Two shortcuts to find ITIN-friendly CUs: - **Juntos Avanzamos** designation (administered by Inclusiv) — requires the CU to offer **deposit AND loan products to ITIN members, no SSN required**, with bilingual staff and alternative IDs. **~145 CUs across 31 states + PR + DC.** *Caveat: the designation guarantees ITIN lending, but not always for the business product — many ITIN programs cover only consumer/auto/ mortgage.* - **Inclusiv network** (500+ CDFI credit unions) — member directory + "Inclusiv Business Forward" small-business lending program.

Credit Union	Juntos Avanzamos	ITIN biz loan/LOC?	Reports to	Membership / requirements	Region
Neighborhood Trust FCU	Unverified	Explicit — biz loans \$500–\$750k + LOC , same rates as SSN	Consumer bureaus (credit-builder)	SSN/ITIN; Upper Manhattan residents; serves street vendors/self-employed	NYC
LES People's FCU	CDFI	Yes — start-up biz loans + business LOC	Consumer (credit-builder implied)	Low-income NYC; start-ups accepted ; ~11–16% fixed	NYC
Point West CU	(2016)	Yes — ITIN micro/biz up to \$250k	Unverified (alt. underwriting)	\$5 + share; SSN/ITIN + photo ID	Oregon
Red River CU	Unverified	Explicit ITIN biz loan/ LOC			

Credit Union	Juntos Avanzamos	ITIN biz loan/LOC?	Reports to	Membership / requirements	Region
			Reports to consumer bureaus	May require valid work visa or green card (ITIN alone may not suffice)	TX, AR, LA, MS, OK
Latino Community CU	Yes	Likely (micro); biz LOC unverified	Builds thin-file credit	NC resident; ≥1 yr credit history	NC
Guadalupe CU	Yes	ITIN confirmed (mobile homes); business unverified	Unverified	N. New Mexico field of membership	NM
GreenState CU	Immigrant-focused	ITIN program strong; business unverified	Unverified	IA + IL/NE/WI/SD counties; or Consumer Council	IA, IL, NE
Self-Help FCU	Yes	ITIN personal yes; business unverified , IL/NC only	Unverified	2+ yrs, usually RE-secured; \$5 membership	CA, IL, NC +
MariSol FCU	Unverified	Unverified; no start-ups	Unverified	Maricopa Co.; 2–3 yrs + tax returns	AZ
Cobalt CU	(2024)	Consumer ITIN only (no business)	Unverified	Nebraska/Council Bluffs	NE, IA

Takeaway: The standouts are **Neighborhood Trust FCU** and **LES People's FCU** (NYC) — both explicitly lend to ITIN holders for business **and** offer LOCs, including start-ups. **Point West** (OR, to \$250k) and **Red River** (multi-state, reports to bureaus — but watch its work-visa caveat) round out the clear "yes" list. **Best search method:** filter Inclusiv's directory for *Juntos Avanzamos* + *CDFI* + *your state*, then call to confirm ITIN covers **member business loans** specifically.

PART 5 — CDFI Loan Funds & Nonprofit / Mission Lenders (the clearest ITIN "yes")

These nonprofit loan funds are the **most clearly documented ITIN business lenders** — many state ITIN eligibility outright and use no-/low-FICO, character/cash-flow underwriting. Several also **report on-time payments to build your credit**.

Lender	ITIN biz loan/LOC?	Products / amounts	Reports to (builds credit?)	Key requirements	Geography
DreamSpring	Yes (SSN or ITIN)	Term \$1k–\$2M ; Power LOC \$1k–\$50k ; credit-builder	Yes (credit-building)	Score/collateral vary by amount	~27 states
Accion Opportunity Fund	Yes (ITIN explicit)	Term \$5k–\$100k (to \$250k via partners); no LOC	Yes — Experian/Equifax, ongoing positive	~12mo in business, revenue, PG, no collateral	~43 states
Ascendus (ex-Accion East)	Likely (confirm)	Micro/term \$500–\$250k	Yes — all bureaus , ongoing positive	~575 score, PG	~49 states
MEDA / Fondo Adelante	Yes (ITIN explicit)	Term \$5k–\$100k , 7–9%	Unverified	Mandatory free coaching; may be paused (at capacity)	SF + national (Latino)
Working Solutions CDFI	Yes (explicit)	\$5k–\$100k , no collateral	Unverified	No min FICO; no bankruptcy 12mo	California

Lender	ITIN biz loan/LOC?	Products / amounts	Reports to (builds credit?)	Key requirements	Geography
Grameen America	Likely (model fits)	Group microloans, 1st max \$2,500	Yes — Experian/Equifax (flagship credit-builder)	Women ; below poverty; 5-member peer group; meetings	Branch cities
Justine Petersen	Likely (confirm)	Micro up to \$50k ; credit-builder products	Yes (credit-building mission)	Counseling appointment	MO / Midwest
Pacific Community Ventures	Yes (SSN not required; no immigration question)	CA small-biz loans/micro	Unverified	No min score; reviews 20%+ owners	California
LiftFund	Yes (SSN or ITIN)	\$500–\$1M ; 0–14.5%	Credit-building claimed (bureaus unverified)	~550 floor; collateral on all loans	TX + southern
Kiva U.S.	Yes (no SSN/credit barrier)	0% interest , \$0 fee, \$1k–\$15k	No ongoing tradeline	Recruit network lenders to fund	US
WWBIC	Unverified	\$1k–\$100k (to \$350k)	Unverified	WI resident; training	Wisconsin
TruFund	Unverified (some SBA = citizen-only)	Small biz, CDFI fund, Wisdom Fund	Unverified	Geo limits	NY, LA, AL, GA
Camino Financial (for-profit fintech)	Mixed/limited — SSN now required on some products	Micro/installment, 12–34%	Historically both bureaus (current unverified)	≥9mo, ≥\$30k/yr sales, EIN	National
Hebrew Free Loan (HFLS)	No for business (citizen/LPR gate; verify)	0% interest up to \$60k, needs guarantors	Unverified	US citizen/LPR + NY/NJ/CT	NYC metro
Capital Good Fund	No (personal loans only, not business)	Personal/impact loans	N/A	—	~11 states
Main Street Launch	Unverified (mostly SBA CA = citizen-only)	\$10k–\$350k	Unverified	SBA channel excludes ITIN	California
CAMEO Network	N/A — referral directory , not a lender	Routes to CA member microlenders	—	—	CA + national

Takeaway: If you want a single shortlist of *confirmed ITIN-friendly business lenders that also build your credit*, it's: **DreamSpring** (term + a real line of credit, 27 states), **Accion Opportunity Fund** (~43 states, reports Experian/Equifax), **Ascendus** (~49 states, reports to all bureaus), **MEDA/Fondo Adelante** (low rates — verify it reopened), and **Grameen America** (credit-builder, but group/women/below-poverty model). **Kiva** is 0% and needs no credit but builds no tradeline. **Avoid** all SBA-backed products, the HFLS business loan, and Capital Good Fund (no business product).

PART 6 — Recommended Game Plan for an ITIN-Only Owner

1. **Foundation:** US LLC/Corp + **EIN** (obtainable with your ITIN) + **DUNS number** + dedicated **business bank account**. Keep your **ITIN current** (renew via Form W-7 if unused 3 years — ITINs unused in 2022–2024 expired Dec 31, 2025).
2. **Build BOTH files in parallel** — a **business** file (DUNS + vendor tradelines + a business card that reports to SBFE) and an **ITIN-keyed personal** file (secured card / credit-builder), because nearly every business loan leans on the owner's personal credit + a personal guarantee.

3. **Apply where the "yes" is documented first: a CDFI loan fund** (DreamSpring, Accion, Working Solutions, MEDA) or a **mission CU** (Neighborhood Trust, LES People's, Point West) — these use cash-flow/character underwriting and several *report your payments to build credit*.
 4. **Use a bank for separation, not as your first stop:** once you have an ITIN-based personal file, **Bank of America / Wells Fargo / U.S. Bank** (in-branch) build *business* credit via SBFE while staying off your personal report unless you default.
 5. **Find more options by designation:** Inclusiv **Juntos Avanzamos** directory for CUs; **OFN CDFI Locator** for CDFIs; **CAMEO** for California microlenders. Always **call to confirm the ITIN policy covers business loans specifically**.
 6. **Skip the SBA** entirely while any owner lacks US citizenship/national status (2026 rule).
-

Quick Reference

Confirmed ITIN business lenders that ALSO build your credit: DreamSpring · Accion Opportunity Fund · Ascendus · Grameen America · (MEDA/Fondo Adelante — verify reopened) · Red River CU

Explicit ITIN business loans/LOCs (mission CUs & CDFIs): Neighborhood Trust FCU · LES People's FCU · Point West CU · Working Solutions · DreamSpring · MEDA · Pacific Community Ventures · LiftFund

Big banks that accept ITIN for the owner's guarantee (branch visit, need personal file): Bank of America · Wells Fargo · U.S. Bank · Citibank · PNC

Cash-flow / no-credit-score underwriting (best for thin files): Ponce "Prosper" · Carver (algorithmic) · Working Solutions · Accion · Kiva (no credit check)

Ineligible / avoid for ITIN-only business needs: All **SBA** products (citizen-only, 2026) · HFLS business loan (citizen/LPR) · Capital Good Fund (no business product)

Important Caveats & Methodology

- **Point-in-time, June 2026.** Policy is shifting fast (SBA citizenship rule, EO 14406, CFPB/DOJ changes). **Confirm everything by phone before applying.**
- **Bureau pull/report fields are mostly UNVERIFIED.** Banks and especially credit unions almost never publish which of Equifax/Experian/TransUnion (or D&B/Experian Business/Equifax Business) they pull or report to. Because most member-business loans carry a personal guarantee, **expect a hard consumer pull on the owner and reporting to the owner's consumer file primarily on default** — but verify per institution.
- **ITIN acceptance for the BUSINESS product specifically** is the most common gap: many institutions (Sunrise, Self-Help, Guadalupe, GreenState, Cobalt) have well-documented ITIN *consumer/mortgage* programs but do **not** publicly confirm ITIN *business* lending. Those are marked accordingly.
- **WebFetch was blocked (HTTP 403) on nearly every bank, CU, CDFI, and government page.** Findings rely on search-result snippets cross-referenced with reputable third parties (NerdWallet, Bankrate, LendingTree, Merchant Maverick, CUInsight, Inclusiv, ICBA, OFN) plus government/bureau sources (SBA, FinCEN, CFPB, NCUA, FICO, SBFE). Items that could not be confirmed to a primary source are marked **unverified**.

- **Highest-confidence findings:** the SBA citizenship rule; the big-bank "ITIN-for-guarantee" pattern; SBFE/SBSS mechanics; and the explicit ITIN loan funds (DreamSpring, Accion, Working Solutions, MEDA, LiftFund) and mission CUs (Neighborhood Trust, LES People's, Point West).
 - **Verify directly:** all bureau pull/report cells; Camino's current product-specific ITIN acceptance (for-profit, possibly narrowing); MEDA/Fondo Adelante's open/closed status; Red River's work-visa requirement; and ITIN-business eligibility at every institution marked "unverified."
 - **Not legal or financial advice.** Consult a qualified advisor for your situation.
-

Compiled from five parallel research agents covering national/regional banks, community banks & CDFIs, credit unions, CDFI loan funds & nonprofit lenders, and the cross-cutting bureau/ITIN regulatory mechanics. Sources include institution pages, government/regulatory bodies (SBA, FinCEN, CFPB, NCUA, CDFI Fund), business-credit infrastructure (SBFE, FICO, Dun & Bradstreet, Inklusiv), and independent reviews (NerdWallet, Bankrate, LendingTree, Merchant Maverick, CUInsight).
